general catalogue

Daily stories

I prodotti Connubia hanno un design semplice,
funzionale, dove il colore esprime vitalità e personalità.

Prodotti che vorranno essere rispettosi dell'ambiente utilizzando
sempre di più materiali ecosostenibili a basso impatto ambientale.

Non solo sedie e tavoli, ma anche complementi, accessori e
mobili contemporanei che siano capaci di adattarsi a contesti diversi
e di creare spazi di ispirazione per la vita, il lavoro e la comunità.

Prodotti che possano raccontare storie di ogni giorno,
perché è proprio dallo stare seduti insieme intorno ad un tavolo che
nascono incontri, condivisioni ed emozioni che Connubia
mette al centro della propria ispirazione.

*Connubia products design is simple, functional and
their color expresses vitality and personality.*

*They are products that wish to respect the environment by using more
and more eco-sustainable and low environmental impact materials.*

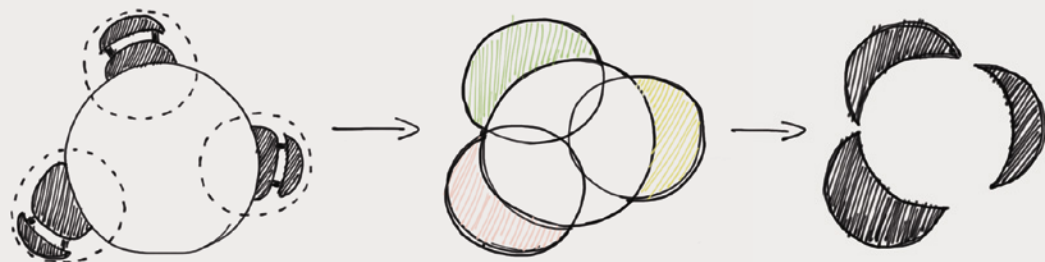

*Not only chairs and tables, but also occasional furniture, accessories
and contemporary sideboards able to adapt to different contexts and
to create inspirational spaces for living, working and for the community.*

*Products able to tell everyday stories because it is, indeed, from sitting
together around a table that meetings, sharing and emotions begin,
Connubia puts all this at the center of its inspiration.*

Daily stories

Il simbolo si compone di tre semicerchi disposti in circolo attorno a un cerchio più grande che si crea per illusione ottica. Tre sedie attorno a un tavolo; la rappresentazione più immediata e sintetica dell'incontro, della convivialità, dell'idea di stare insieme.

The symbol is made up of three semi-circles set around a bigger circle which comes into being as a result of an optical illusion. Three chairs around a table - there could be no more instantly-recognisable symbol of a social occasion, companionship and togetherness.

“Connubia vuole dialogare con il mondo contemporaneo, fatto di persone ben disposte all'evoluzione naturale delle cose ed al cambiamento. Una generazione “giovane” che si adatta ad ogni nuova direzione del mondo, che non ha preconcetti e vive con forte personalità la moda ed il proprio lavoro che ogni giorno cambia.

Connubia vuole essere colore e vitalità, non segue uno stile, ma vuole essere diversa ogni giorno, di tendenza e “prêt à porter”.

Volete unirvi a noi? Creiamo insieme la nostra #connubity!”

“Connubia wants to communicate with the contemporary world made of people open to the natural progression of things and welcoming of change. A ‘youthful’ generation which adapts with ease to a shifting world; a generation devoid of preconceptions, which tackles the fluctuations of fashion and altering demands of work with a strong sense of identity.

Connubia wants to be colour and verve; it doesn't follow a given style because wants to look different every day, trendy and ‘prêt à porter’.

Do you want to join us? Let's create our own #connubity!”

*Cristian Gori
ARCHIRIVOLTO Senior Designer
“Connubity” Member #1*

DISCOVER THE NEW CONNUBIA COLLECTION!

Colour is the mood! La nuova Connubia si veste di colore per creare una collezione piena di vitalità e freschezza. A sedie e tavoli, fondamentali della gamma, si affiancano ora nuove categorie di prodotto come librerie, madie, accessori che completano e personalizzano con la loro allegria gli spazi da vivere. Nuovi modelli fedeli allo spirito di Connubia per semplicità di linee, funzionalità e versatilità, ma ricchi di personalità. Nella nuova collezione Connubia sono state inserite famiglie di prodotto molto ampie in cui il tratto distintivo di ogni modello accomuna i vari pezzi. È per questo che abbiamo deciso di presentare i nuovi modelli divisi per famiglia di prodotto e non per categoria, dando così modo al lettore di apprezzare al meglio la nuova collezione ed il suo sviluppo.

Colour is king! New Connubia takes on colourful raiment for a collection loaded with refreshing verve. Chairs and tables, the essentials of the range, now stand alongside new product categories such as bookshelves, sideboards and accessories that complete and personalise living spaces with an upbeat feel. New models which are faithful to the spirit of Connubia with designs that are not only unfussy, functional and versatile but especially characterful. The new Connubia collection includes wide-ranging product families with a distinctive trait that brings each piece under the same umbrella. This is why we have decided to present the new models classified by product family and not by category. This should help readers to gain a better understanding of the new collection and how it developed.

DISCOVER THE CLASSIC CONNUBIA COLLECTION

È la sezione dedicata ai “fondamentali” della casa e degli spazi: tavoli e sedie, portati al massimo livello di profondità di gamma. Una straordinaria collezione di sedie dalle forme classiche e senza tempo oppure avveniristiche e ricche di dettagli. Sedie dal design ergonomico e contemporaneo, corredate da un’ampia gamma di tavoli. Protagonisti della zona pranzo, i tavoli Connubia rispondono ad ogni esigenza di convivialità, trasformandosi all’occorrenza per accogliere ospiti inattesi ed adattandosi a ogni spazio e necessità.

This section is dedicated to “fundamentals” for the home and living spaces - tables and chairs raised to the highest level in terms of range of solutions. An extraordinary spectrum made up of chairs which have a classic-looking timeless appeal or boast a futuristic design with intricate details. Chairs with an ergonomic contemporary design accompanied by a broad array of tables. A major player in the dining area, Connubia tables have been carefully designed to cater for social needs and can be transformed whenever necessary to welcome unexpected guests, adapting to any spaces or requirements.

DISCOVER THE CONNUBIA COLLECTION FINISHES

Tutti i materiali che utilizziamo rispettano severi standard qualitativi. I tessuti che abbiamo selezionato per voi sono piacevoli al tatto, resistono alle macchie e mantengono inalterati i colori anche dopo molto tempo. I nostri piani in ceramica hanno eccezionali caratteristiche di resistenza, sono facili da pulire e assolutamente igienici. Il legno che utilizziamo viene protetto con speciali cicli di verniciatura che offrono un'efficace barriera contro le macchie. Calligaris è inoltre certificata FSC, il marchio che identifica i prodotti contenenti legno proveniente da foreste gestite in maniera corretta e responsabile secondo rigorosi standard ambientali, sociali ed economici.

All our materials comply with the strictest quality standards. For your pleasure, we have sourced fabrics which are not only delightfully tactile and stain-resistant, but ones which hold their colour over time. Our ceramic tops are exceptionally hard-wearing, easy to clean and utterly hygienic. Our wood is protected with special varnishing processes which create an effective barrier against staining. In addition, Connubia is FSC certified, meaning that it only uses wood that comes from well-managed forests in compliance with strict environmental, social and economic standards.

È ottenuto direttamente dal tronco dell'albero mediante lavorazioni meccaniche. Le particolarità estetiche e di venatura sono caratteristiche dell'essenza legnosa utilizzata. Il legno massello viene finito nelle tonalità tipiche delle varie essenze con una lavorazione di verniciatura (la finitura).

Obtained by cutting the tree log through a mechanic process. The aesthetic features and grain pattern depend on the wood essence. Solid wood is usually varnished (finishing process) and reproduces the typical essence shades.

Veneer is obtained by using thin sheets of wood with different thicknesses which are taken from the best quality tree logs. Veneer layers are usually glued to a support and then stained accordingly. Veneer increases the quality of the products and delivers an excellent aesthetic result.

Sono rivestimenti prefiniti ottenuti incollando a pressione più strati di materiale fibroso impregnato con resine termoindurenti e spalmato sullo strato decorativo (unicolore o stampato) con resine melaminiche. Vengono quindi incollati su un pannello di particelle di legno (supporto). Garantiscono una grande varietà di soluzioni estetiche e ottime caratteristiche di stabilità, resistenza all'usura, agli urti, all'abrasione e all'umidità.

Obtained by pressure gluing various layers of fibrous material soaked in thermosetting resins and spread on the visible layer (plain coloured or patterned) with melamine resins. They are then glued on a wooden grain panel (support). Laminated panels allow a great variety of aesthetic solutions and have excellent stability, resistance to wear and tear, collisions, abrasion and humidity.

LAMINATO FENIX NTM[®]

È un materiale innovativo di Arpa Industriale creato per l'interior design. La parte esteriore di FENIX NTM[®] è ottenuta con l'ausilio di nanotecnologie ed è caratterizzata da una superficie trattata con resine acriliche di nuova generazione, indurite e fissate attraverso il processo di Electron Beam Curing. Con una bassa riflessione della luce, la sua superficie è estremamente opaca, anti impronte digitali e piacevolmente soft touch.

An innovative material created for interior design applications by Arpa Industriale. The external surface of FENIX NTM[®] involves the use of nanotechnology and it is characterized by next generation acrylic resins, hardened and fixed with Electron Beam Curing process. With low light reflectivity, its surface is extremely opaque, anti-fingerprint and features a very pleasant soft touch.

LAMINATI STRATIFICATI HPL | *MULTILAYER LAMINATE TOPS (HPL)*

Il laminato stratificato utilizzato è un materiale autoportante di spessore 10mm costituito da più strati di materiale fibroso impregnati con resine termoindurenti e pressati tra loro ad alta pressione. La superficie esterna del pannello è realizzata in laminato decorativo a base di resine termoindurenti.

This multilayer laminate is a 10 mm thick, self-supporting material formed with different layers of fibrous material absorbed with thermosetting resins and pressed together under high pressure. The external surface of the panel is a decorative laminate made with a base of thermosetting resins.

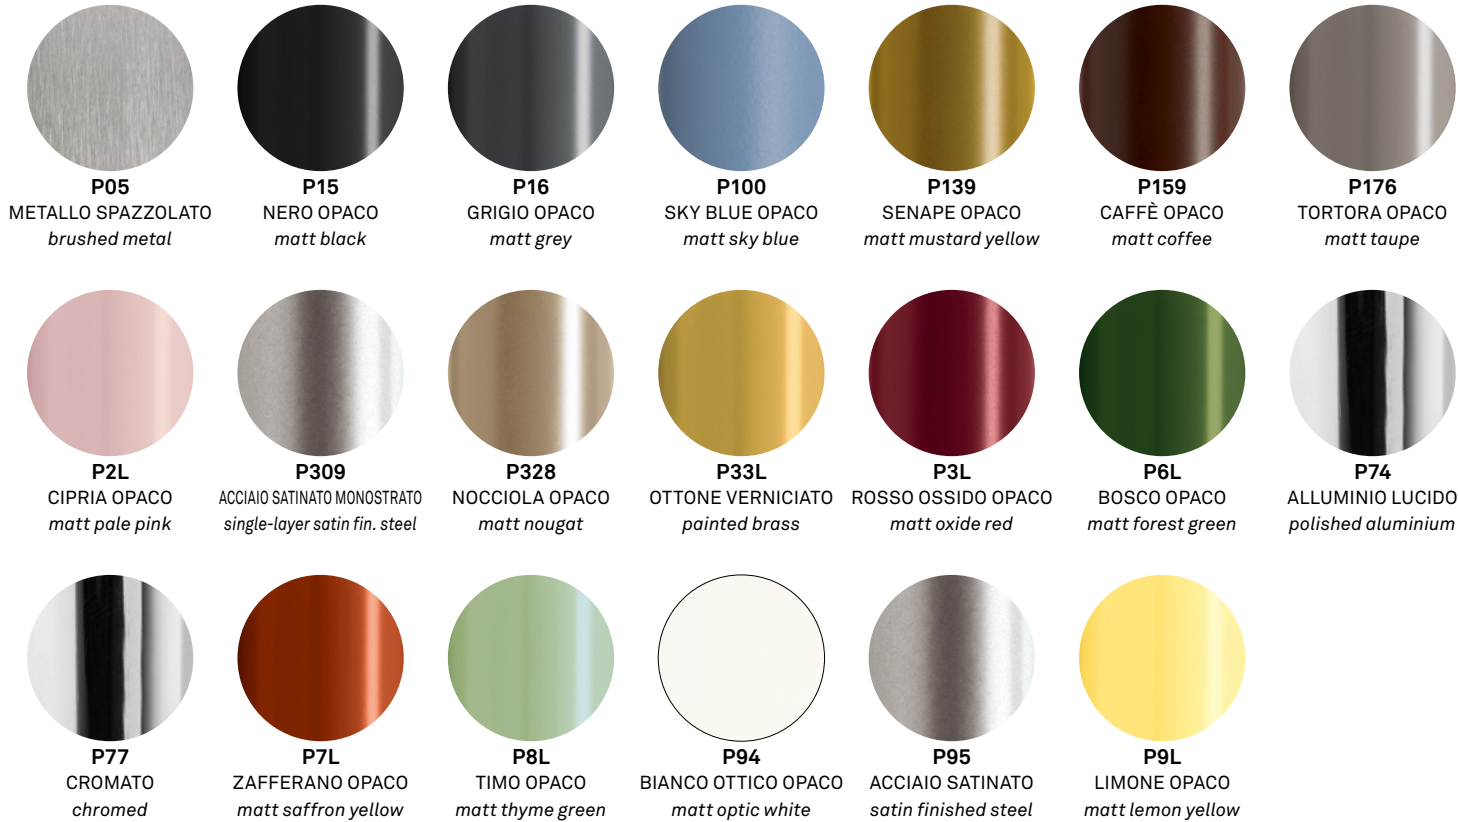

NOBILITATI (SUPERFICI TERMO-STRUTTURATE) | *MELAMINE FINISHES – THERMAL STRUCTURED SURFACES*

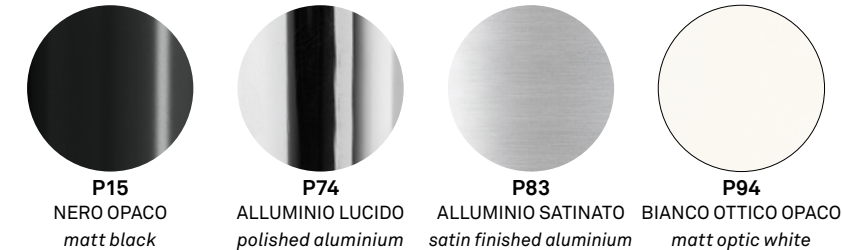

Sono rivestimenti prefiniti ottenuti utilizzando carte (unicolori o stampate) impregnate e spalmate sul lato decorativo generalmente con resine melaminiche, che vengono applicati su un pannello di particelle di legno (supporto). Garantiscono una grande varietà di soluzioni estetiche, ottima stabilità e buone caratteristiche di resistenza all'usura e durata nel tempo.

Obtained by gluing plain coloured or patterned sheets which are spread on the visible layer with melamine resins on a wooden grain panel (support). Melamine coated panels allow a great variety of aesthetic solutions, they are durable and have excellent stability and resistance to wear and tear.

Il rigenerato di cuoio è un agglomerato ottenuto dall'impasto di sfridi di pellame (minimo 60%) ed altri materiali naturali e rifinito con le stesse modalità utilizzate per il cuoio.

Regenerated leather is the result of the mixture of leather off-cuts (min 60%) and other natural materials. Regenerated leather is finished with the same procedure used for leather.

La pelle utilizzata si ottiene dalla parte più nobile del pellame (il fiore) di bovino europeo tagliato in spessori variabili secondo le esigenze e sottoposto a concia. La finitura esterna è ottenuta con pigmenti a base d'acqua.

The leather comes from the finest parta of the European ox skin (the core) cut in different thicknesses depending on the requests and then tanned. The external finish is obtained by using water based colours.

Il top ceramica-vetro è un prodotto autoportante ottenuto accoppiando, con uno speciale procedimento in autoclave, una lastra di ceramica (gres porcellanato) ad un vetro float temprato. Lo spessore della lastra di ceramica è di 3 mm, ed è accoppiata con un vetro di spessore 8 mm (totale 11 mm). Il gres porcellanato è un materiale ceramico ottenuto da materie prime di speciale pregio e purezza, macinate e colorate nell'impasto, compattate ad altissima pressione e cotte alla temperatura di 1200 °C. Il piano di lavoro in gres porcellanato offre caratteristiche eccezionali in termini di resistenza ai graffi, agli urti, alle macchie, agli sbalzi termici ed ai prodotti chimici. È facile da pulire ed assolutamente igienico in quanto non assorbe liquidi e non rilascia sostanze nocive.

The ceramic-glass top is a self-holding product manufactured by coupling one ceramic plate (porcelain tile) to a tempered floating glass thanks to a special process carried out in autoclave. The ceramic plate thickness is 3 mm and is coupled with an 8 mm thick glass (for a total of 11 mm). The porcelain tile is a ceramic material obtained using a mixture of stoneware composed by clay and valuable raw materials, which are mixed, body tinted, compacted whilst high pressure is applied and finally fired at 1200 °C. The porcelain tile working surface features exceptional performances in terms of scratch, impact, stain, thermal shock and chemical resistance. It's easy to clean and very hygienic because it does not absorb liquids and does not release harmful substances.
